**INTER-OFFICE MEMORANDUM**

**DATE:** January 6, 2022

**TO:** Sergeant Jeffrey McDaniel #35716  
North Precinct

**FROM:** Acting Captain Greg Pashley  
Internal Affairs, Professional Standards Division

**SUBJECT:** Notice of Findings Stage for IA or IPR Investigation

**RE:** **IA/IPR Case Number:** 2021-B-0034  
**Complainant:** Portland Police Bureau

This memo is to notify you that IA has completed the investigation into the listed complaint. The case will soon be sent to your RU Manager for findings. Once completed, your RU Manager's findings will be reviewed by your Assistant Chief, myself, and a manager from the Independent Police Review (IPR). If any of the reviewers disagree with your RU Manager's findings, or if there are sustained findings with proposed discipline greater than a letter of reprimand, the case will go before a Police Review Board (PRB). In those cases, the PRB will review the investigation and make a recommendation to the Chief of Police as to what the findings should be. Furthermore, if the PRB recommends any sustained findings, they will also recommend discipline to the Chief.

You will be notified again once the findings are completed. In cases without PRBs, this process typically takes about a month. If a PRB is necessary, you will be notified of that and will have an opportunity to speak at the PRB. If you have any questions, please call Internal Affairs at (503) 823-0236.
